

Communications Update

-) The video tutorial was made in 2022
-) Loggin now opens with a summary page
-) Click either **All Campaigns** (a message) or **All Contacts**
-) Add contacts as necessary using form shown in the tutorial or from within All Contacts
-) You will mostly be modifying a previous campaign to send a new message
-) When using an existing campaign, you can use the search function to see if there is an email similar to the one you want to send
-) Modify accordingly
